Location and Hours

Hall Health Center is located on Stevens Way across from the Husky Union Building (HUB).

Hours: Monday, Wednesday – Friday: 8am – 5pm, Tuesday: 9am – 5pm; Closed weekends and holidays
Do you need to pay?

Many valuable health services are available at no cost to currently registered UW Students who pay the quarterly Services and Activities Fee along with their tuition:

- One visit per quarter for medical concerns (this excludes comprehensive physicals, specialty visits, and procedures)
- Unlimited visits with HHC Consulting Nurses
- Preventive counseling and contraceptive advice
- Help if you're in crisis
- Unlimited phone visits with our Consulting Nurses, including the After hours Community Careline Nurse for urgent medical problems
- Advice about HIV and other sexually transmitted disease exposures
- Reproductive health counseling
- Brief Alcohol Screening and Intervention for College Students (BASICS) is a service for students who want to explore their alcohol use.
- Unlimited access to the Wellness Resource Center
- Blood pressure screening and consultation
- Help quitting smoking
- Secure, online access to your health team and personal health information through eCare

Fees are charged for:

- Office visits after the one subsidized visit per quarter and preventive care visits such as physical exams and women’s annual exams
- Specialty services including Mental Health, Physical Therapy, Travel Clinic, laboratory tests, and x-ray

What about health insurance coverage?

Students can purchase the UW Student Health Insurance Plan. While students or dependents do not have to be a member of either of this plan to use HHC, we highly recommended it for those not covered by another health insurance plan. Patients are responsible for paying any co-payments as outlined in their health insurance explanation of benefits. Please determine your health plan’s provisions and limitations before your visit. You are also welcome to talk with staff in our Billing and Insurance Office.

All care is confidential

University administrators, faculty, parents, spouses and partners do not have access to medical records. Medical information is released only with the patient’s written consent, except as legally mandated in life-threatening emergencies and Washington State Law. The UW Medicine Notice of Privacy Practices is available on our web site, http://hallhealth.washington.edu.

Making an appointment

For more information or to make an appointment at Hall Health Center, please call (206) 616-2495 during normal business hours:

What should you do when Hall Health is closed?

For urgent medical problems after hours, please call (206) 744-2500. You will be referred to a nurse who will be able to advise you about your problem, make treatment suggestions, and help you make follow-up arrangements with your primary care provider.

If you need medical care after hours, the University of Washington Medical Center (UWMC) is the preferred provider for the UW student insurance plan. Payment arrangements are your responsibility; consult your insurance plan benefits section for coverage and payment description.
