FIRST YEAR COMMON QUESTION
First year (transfer and freshman) students begin to shape their Husky experience from the moment they step foot on campus. During Advising & Orientation students intentionally engage in conversations about individual and collective values. Students are invited to dialogue, to be courageous with one another, and to answer the question:

WHO ARE WE – WHAT ARE WE FOR?

WHY A COMMON QUESTION?
Many of the world's most important problems do not have simple solutions, just as many of the challenges students face in college are not easily resolved. It is important to welcome first year students to the community with the understanding that while challenges exist, there is a supportive community to help reflect, guide, and persevere.
