SATISFACTORY PROGRESS POLICY

Registration Holds
Students who have completed 105 credits and 5 or more quarters, but are not in a major will receive a registration hold and will not be allowed to register. For transfer students coming in with 90 credits, this typically means they are expected to be in a major during their second quarter at the University of Washington.

Pre-major Extensions
Students with this registration hold, who have not been admitted to a major will need to work with their academic adviser as a Pre-major Extension or PME may be required. A PME is an education tool designed to support a student’s informed choice of, and preparation for, a major. PMEs are granted at the discretion of a student’s academic adviser and are typically granted for one quarter.
